Virtual villagers origins 2 chapter 1 puzzle 4

Last Update: May 22, 2020 The fourth puzzle in Maya Villagers Origins 2 you need to resolve the requirement that you light the structure like a pot in a statue, find Kraken's eyes, and push two large rocks. Check out our Puzzle 4: Release the Kraken guide to find out how this is done. To complete the puzzle you need:- 2 adult village builders (trainees, adept, or master)- Level 1 construction (levelling construction once)- Oil- FireTo begins with you having to drag the adults to the Craft Hut and choose 'Oil' which they will then bring to the statue of Kraken. Puzzle 4: KrakenDrag is an adult villager to the Craft Cottage again and choose a 'fire' so that they use it to light the oil. At this point you need to find the eyes of the Kraken statue, the first points can be found between reeds to the left of the tree on the bottom right of the island. Drag the villagers and they will bring eyes to the statue of Kraken.The second eye is found under the laboratory and to the right where lava connects with the laboratory. Before you can collect points, you need to send adults to the Craft Cottage to get water to cool it down. Once it has been cooled, you can drag the adult villagers to pick it up and take it to the statue of Kraken.Assemble the eyes you find into the Kraken statue socket by dragging the adult villagers to the statue of Kraken. When doing so two large miles, in the middle of the island and the lower right of the laboratory will fall. You will now have to drag 2 adult builders of villagers to push the rocks at the same time so that they fall. When the rocks were pushed over Kraken would appear and you can now go to the 'Puzzle' screen and collect your 3 Lavastones.
